## EDUCATION

---

### New Jersey Institute of Technology

Sept. 2017 – Dec. 2021

*Bachelor of Science in Mechanical Engineering — GPA 3.38/4.00*

Dean's list | Member of ASME | Certified Mechanical Design SolidWorks Associate

## EXPERIENCE

---

### CAD Designer Drafter

Jan. 2022 – Present

Economical Construction Corp.

New York, NY

- Review customer requirements and specifications for applicable design elements.
- Interpret architectural and engineering sketches to create detailed drawings for construction projects.
- Field verification and on-site measurements of home interiors
- 

### Product Safety & Compliance Intern

June 2019 – Aug. 2019

Panasonic North America

Newark, NJ

- Provide technical guidance on meeting regulatory compliance requirements.
- Address issues resulting from test findings by nationally recognized testing laboratories.
- Oversaw a portion of the testing, evaluating, and certifying that would go on to achieve the industry's first e-Bike Safety Standard Certification from UL.
- Develop strategies to achieve Panasonic's globally viable regulatory compliance software.
- Conceptualize efficiencies in compliance certification automation and communicate \*these\* visions with Oracle, Salesforce, and SAP.
- Developed a software vendor scorecard and dashboard that provided insight into the optimal vendor.

### Materials Testing Intern

June 2018 – Aug. 2018

HVEA Engineers

Chestnut Ridge, NY

- Permitted the pour of X cubic yards of fresh concrete by testing for slump, air, temperature for Delaware Aqueduct Bypass Tunnel 700' below ground
- Performed compressive strength tests of concrete cylinders from concrete used in the construction of Goethals Bridge
- Performed in-place density and moisture content tests of soil-aggregate using a nuclear moisture-density gauge.
- Process soils/aggregate samples; running gradations and proctors.
- Permeability test (chloride ion penetration) of concrete cylinder specimens.

### Investor Relations Analyst

June 2013 – Sept. 2016

Mackenzie Partners

New York, NY

- Advise corporate issuers on corporate governance, executive compensation, and ESG proposals.
- Engage with portfolio managers to communicate the economic benefits of proposed transactions.
- 
- 

## SKILLS & INTERESTS

---

**Technical Skills:** SolidWorks, AutoCAD, INSTRON, CREO Parametric, ANSYS, Fusion 360, SketchUp, MS Project, Operation of mechanical measurement equipment like INSTRON, Product development

**Interpersonal Skills:** Positive Influence/Leadership, in Team Environments, Conflict Resolution, Attention to Detail

**Personal Interests:** 3D printing, woodworking, long-distance running, skiing.
